Test Report

Caroline M Eberhardt
6716 Valley View Lane
Sachse, TX 75048
USA

Optigen Accession #: **09-5490**
Report issued for: **Bugle**

This report replaces the report issued on 6/30/09

OptiGen Test Certificate

Optigen Accession #: 09-5490

Test Completed: 06/30/2009
Report Issued: 09/11/2014

Test Performed: prcd Mutation Test for PRA

Result: Carrier
Sample Type: Swab

Registered Name: Legasea's Call to the Post

Reg#: SR561968/01

Breed: Labrador Retriever

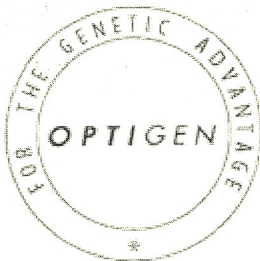

ID#: 151317671A

Sex: Male

Date of Birth: May 02, 2009

Owner(s):

Caroline M Eberhardt

Susan Pearson
OptiGen Authorized Signature

www.optigen.com

Test Results: Genotype of your dog is **CARRIER**.

Risk for developing PRA: This dog will never develop the prcd form of PRA (progressive rod-cone degeneration form of Progressive Retinal Atrophy). So far, the only inherited PRA disease known in dogs of your breed is the prcd form of PRA.

Significance for breeding: Carrier dogs should be bred only to a mate of Normal/Clear genotype to avoid producing pups affected with the prcd form of PRA.

This interpretation is based on the test result of the DNA test for the specific mutation identified as causing the prcd form of PRA in Labrador Retrievers as of the date on this report.

For further information, please consult the OptiGen website at www.optigen.com. Note: The use of this test is patent protected and licensed to OptiGen. See http://www.optigen.com/opt9_patent.html for details.

International DNA Based Genetic Database: To register this result with OFA, make a copy, sign below, mail WITH FEE, to OFA, 2300 E. Nifong Blvd, Columbia, MO 65201-3856 or FAX to 573-875-5073. www.offa.org

I hereby certify that the sample submitted was of the animal described on this application. I authorize the OFA to release all information on the test results thus placing the results in the public domain and I hereby release OFA from any and all liability associated with the release of test information.

HEART OF TEXAS LABRADOR
RETRIEVER CLUB
WORKING CERTIFICATE

THIS CERTIFIES THAT

Ch Legas sea's Call to the Post

OWNED BY

Carrie Eberhardt

Having completed the club requirements of working ability has been awarded a
working certificate.

Given this 18 day of November, 2012

Richard Harbin

Judge

Kathy Webb

Club Officer

Carrie Eberhardt, 6716 Valley View Lane, Sachse, TX 75048

Phone: 214.543.4638 Fax: 413.723.7708 Email: carrie@LegaSeaLabs.com Website: www.LegaSeaLabs.com

We, the undersigned, have agreed to breed **Ch. LegaSea's Call to the Post, JH, DJ, THDN, RN, WC AKC# SR561968/01** to _____ **AKC #** _____ with the following conditions:

1. The bitch owner shall supply the stud dog owner with copies of OFA hip and elbow clearances and an eye clearance that is not more than one year old. The stud dog's clearances are publically listed on www.offa.org. The owner will supply the bitch owner with copies of OFA hip and elbow clearances, OFA Heart clearance, Optigen pred-PRA Certificate and an eye clearance that is not more than one year old.
2. If the breeding is to be natural, the above named bitch must have a brucellosis test done prior to the mating and a copy of the report must be supplied to the owner of the stud dog. A copy of brucellosis test results not more than one year old will be provided to the owner of the bitch.
3. If the bitch is boarded with the stud dog owner/agent for the breeding, progesterone testing must be completed prior to arrival to ensure ovulation and a \$5 per day fee will be charged during the breeding dates. This fee will increase to \$10 per day with completion of breeding. The bitch owner must supply food. If the bitch is shipped to the stud dog owner, all related costs will be the responsibility of the bitch owner to include an airport pick up charge of \$30 per trip to the Dallas Fort-Worth International Airport (DFW). Expenses due: _____
4. The stud fee is **\$1300**. The bitch owner shall pay a **\$400** non-refundable service fee before the mating takes place with the balance of **\$900** due before the AKC litter registration is signed by the stud dog owner. There is no free return mating if the bitch is not in whelp.
5. A litter consists of three puppies at time of registration. If one or two puppies survive, the stud dog owner will sign the AKC litter papers and no remaining stud fee will be due. The bitch owner must notify the stud dog owner when the litter is born.
6. If semen is to be shipped to the bitch owner, the bitch owner is responsible for all costs related to shipping the semen, including arrangement of shipment of collection kits and extender to the agent if the bitch owner requests any extender other than Camelot Farms INSEMINAID or MOFA Chill10. Two collections in egg-based extender is provided by the stud owner and *included in the service fee*. Additional collections may be available based on availability, for a cost of \$25 per collection. Expenses due: _____
7. In order to preserve the integrity of the pedigree, all puppies resulting from this breeding that are sold as companion dogs must be sold on non-breeding AKC limited registration and must not be registered under an alternate registry for the purposes of breeding. Puppies shall not be sold to mass producing kennels or those that produce designer breeds or unrecognized coat colors.
8. Any additional or special agreements, conditions or provisions must be noted on the back of this form and signed by both parties.

Progesterone tests indicate that _____ ovulated around _____ and was bred on _____ and _____.
_____ is due to whelp around _____ (Day 63 from ovulation).
